## Pro Bono Corner: Elizabeth Boatwright

This quarter, we highlight Dr. Elizabeth Boatwright's contributions to our Pro Bono committee. Dr. Boatwright has been a member of the FPA since 2011. She started volunteering with Advisors Give Back in 2023, and is currently in her 3<sup>rd</sup> year. The founder is a member of the FPA Pro Bono committee of San Francisco, and they made a presentation of how the platform worked. What she liked best about the Advisors Give Back platform is how easy it is to use, as well as how all client information and interaction is online. She appreciates the opportunity to assist people who are struggling with debt, budgets and basic financial/pension questions, and she tries to listen to their needs. So many are "talked down to" or chastised for their problems. "I try to be the person who listens and offers hope", says Dr. Boatwright about volunteering with Advisors Give Back.

Celebrate FPA's 25<sup>th</sup> Anniversary by taking the '25 in 2025' Financial Wellness Pledge and sharing your expertise with those who need it most. Your expertise can change lives: [Take the Pledge!](#)
